

Volunteer French Language Learning Facilitator

Description

Are you passionate about teaching French and eager to make a meaningful impact? Cornerstone Housing for Women is offering an exciting volunteer opportunity for French speakers to help enhance the language skills of our frontline shelter staff.

In this volunteer role, you'll develop and deliver engaging French lessons tailored to helping our staff effectively communicate with French-speaking individuals in our emergency women's shelter. You'll conduct these lessons in a group setting, focusing on practical language skills for real-world application.

We're seeking dedicated long-term volunteers who can commit to leading this program and fostering an inclusive learning environment. In addition to language instruction, you'll organize and lead fun social activities, such as bingo or arts & crafts, to give both staff and service users the chance to practice communicating in French in an enjoyable and relaxed setting.

Join us in empowering our team and enhancing the support we provide to our French-speaking community members!

How will this opportunity benefit you?

This is a fantastic chance to refine your skills as a French language teacher while making a significant difference in the community. You'll help our staff better meet the needs of French-speaking newcomers and shelter service users, all while facilitating engaging activities with a diverse group of staff and service-users.

Qualifications

- Fluency in both French and English essential
- Experience in teaching basic French language skills
- Some experience in facilitating group activities would be an asset
- Some experience working with vulnerable individuals experiencing homelessness, trauma and addictions is preferred
- Ability to obtain a Police Records Check Level III – Vulnerable Sector

Additional Details

- This opportunity will take place at 2980 Carling Avenue, Ottawa, K2B 7K2
